The students of Milligan College have known Dr. Orvel Crowder as a man behind both the pulpit and the lectern. For four years, the class of 1961 has known him as the guiding force behind its every activity. Because he is our teacher, preacher, and friend, we proudly dedicate the 1961 Buffalo to our class sponsor, Dr. Crowder.

# ADMINISTRATION

## Our President Greets Us

The year 1960-61 will be cherished in the memory of the Milligan family.

The P. H. Welshimer Memorial Library, gift of the T. W. Phillips Charitable Trust and the Phillips family of Butler Pennsylvania, is nearing completion.

The Quality Improvement Award administered by the Association of American Colleges on behalf of the United States Steel Foundation was won this year by Milligan.

In this year Milligan became a fully accredited member of the Southern Association of Colleges.

Milligan resumes a summer session looking toward the adoption of a trimester plan of operation.

Outstanding work by a distinguished faculty met with measurable achievement among the students.

Unprecedented generosity by Johnson City friends provided for the retirement of the long-standing debt of the college.

All of us, the entire Milligan family and friends, rejoice in these achievements and set our faces toward the achievement of further distinction in education. To you, the students, my warmest salute, and my "God speed" on your way.

## Student Council

Milligan College stands on the threshold of a new era. This era is a period of growth and development such as she has never before known. The Student Council of 1960-61 has set as its goal the same record-making advancement as that exhibited by this physical and curricular growth. With the greatest enrollment of its history, Milligan stands in a position of needing an even closer bond between administration and students. Here stands the Student Council, ready to act as a sounding board and administrator of student suggestions and problems.

This year's Council is proud of its newly completed office in Hardin basement. Even more it is proud to serve a growing school and student body which seeks to direct its initiative and activities in the ways which will help us to better serve God and our fellow man.

**Student Council Officers:** Treasurer, Ray Rensi; President, Jim Lura; Secretary, Jaanne Hines; Vice President, Dick True.

This newly organized Council consists of students who represent the "off-campus" or commuting students. Its purpose and goals are identical to those of the Student Council in that both Councils work hand in hand for the students and administration of Milligan College.

**Commuting Students Council:** Front: Eddie Fine, President. Behind: Steve Payne, Jim Shields, Charlotte Hyder, Caralyn Hayes, Nell Donnelly, Kathy Snapp.

## Dormitory Councils

The Women's and Men's Dormitory Councils are composed of students chosen to represent the members of the respective dormitories. Weekly meetings are held by both Councils to discuss matters concerning the dormitories and student affairs. The main purpose of these Dormitory Councils is to create, promote, and preserve an atmosphere conducive to study. The Councils try to carry all information between the students and the administration which is pertinent to dormitory life.

## Stampede Staff

The "Stampede" staff is an organization with membership open to the student body. The paper covers all campus events, presents features, and allows for student and faculty compositions.

This year's newspaper has been styled as a magazine-paper with issues published

every month except January.

The purpose of the newspaper is to supply news reports with acknowledgment of activities and accomplishments of our students and our college. It is available to the student body, to other colleges, and to alumni.

# Christian Service Club

This year Christian Service Club, one of the oldest organizations on campus, really put its members to work. At the beginning of the school year the students formed "Gospel Teams." For all those students interested in drama, the "Footlighters" provides the perfect answer. Proving both a challenge and a release, Footlighters gives many opportunities to those dramatically inclined. Whether one desires to emote before the "spots" or work backstage, Footlighters is the solution. Providing a stepping stone to

Alpha Psi Omega, this organization is one of the favorites on campus.

During the past year this group has sponsored, produced and helped with most of the productions on campus. It is sincerely believed that the Footlighters will continue its important part in the college's activities. Miss Muse is the sponsor.

## Pre-Med Club

The purpose of the Pre-Med Club is to help prepare its members for future careers in medical fields. The meetings are devoted to discussion and activities related to the students' chosen professions. The discussions are often led by men eminent in these fields.

## "M" Club

The Varsity M Club started the year with an initiation that ended with a rather long walk through the country.

The big club project this year was the purchase of heavy letter jackets for winter wear. It also sponsored a candidate for Founder's Daughter and presented trophies to all of the senior lettermen.

In order to raise funds for the different projects, the club sponsored the Varsity-Freshman and Varsity-Alumni basketball games. Other activities were having bake sales, selling inscribed ink pens, and a steak fry in the spring.

## Physical Education Club

The Physical Education Club is one of the most active clubs on campus. It meets twice a month, has an annual project and a year-ending picnic. Seasonal sports are played after the meetings and films concerning sports are often presented. The club also sells concessions at the basketball games and sponsors a Founder's Daughter candidate.

## Touring Choir

The Touring Choir consists of forty voices this year and the Choralaires consists of twenty-five. Between November 7 and November 12, these musical groups participated in the annual Arts Festival. The Choralaires presented a concert, and the Touring Choir presented the opera, "The Devil and Daniel Webster" by Douglas Moore and Stephen Vincent Benet. Both groups then combined their talents for the presentation of Handel's "Messiah." In the spring of the year the Touring Choir had the opportunity to travel through the southeastern section of the United States. It also sang for graduation, and gave concerts for the local churches, schools, and community organizations.

The choirs are made up of students of Milligan, not necessarily music majors or minors.

This year's Twirp Week was a week of fun and frolic built around the Roaring Twenties. The Monday chapel program started the week off by enlightening the Milligan girls as to their part in the proceedings. Daily court sessions, a night at the "Speak-Easy," and a concert highlighted the week. The Roaring Twenties Personality Parade, with such celebrities as Ethel Barrymore, Al Jolson, and Helen Morgan, added a gay finish to a successful week. Twirp Week for 1960 was sponsored by the Junior Class.

# FOUNDER'S DAY

Both students and alumni anticipate Founder's Day, Milligan's homecoming weekend. This is the time when friends reunite on the campus of their "old" Alma Mater. The weekend opens with a varsity-alumni basketball game. The grounds boast of decorations made by the classes and school organizations. The gala weekend culminates in the selection of the Founder's Daughter at the annual banquet. She embodies the fine Christian character which Josephus Hopwood, Milligan's founder, would wish to attribute to his daughter. Miss Joanne Hines of Lizton, Indiana, 1960 Founder's Daughter, gives Milligan reason to be proud of her heritage, "Christian Education, the Hope of the World!"

# ACCREDITATION

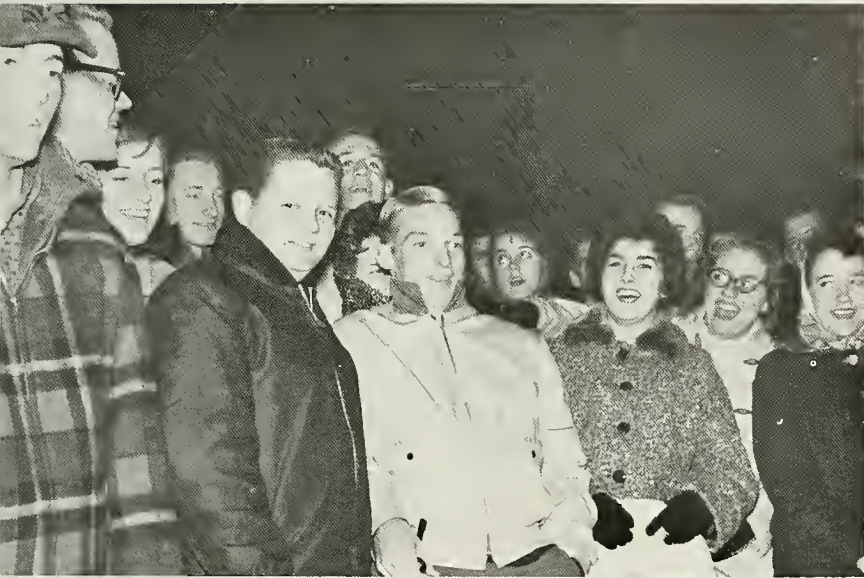

The Southern Association of Colleges and Secondary Schools is the regional accrediting association for more than 240 four-year colleges located in eleven southern states. These colleges set high standards for this association and act

together to keep the quality of education at a high level. This gives the student assurance that his work at one institution will be recognized at another. Milligan, therefore, is happy in the knowledge that work done here is recognized and will transfer.

## BASKETBALL

The 1960-61 Buffs had trouble getting started, and because of injuries and a combination of many other factors they never did work up to the great potentiality which was theirs. It was a hard-luck year for the Thundering Herd, but they fought well enough to maintain the loyalty of enthusiastic Milligton fans.

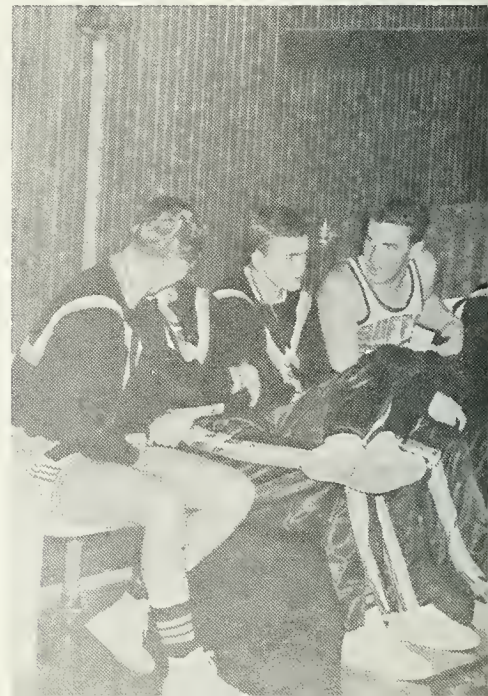

Experienced seniors, Charley Tester, Lew Taylor, and "Moose" Williams added to the team's appearance once more and will be missed by both the team and the fans next season. Others on the team who saw plenty of action were Jerry Frosure, Poul Holl, and Terry Black.

One of the highlights of the season was the game at Tusculum where the Buffs stormed from behind to outplay the "noisy" Pioneers 67-64.

## TRACK

The 1961 addition of the Thundering Herd cinder team should be a speedy, well-balanced club, strong with depth in many of the events. Because of the early press date the schedules, much less the season record itself, had not been announced for any of the spring sports. This year, however, there are several bright spots of encouragement. The Buffs will have a better track and facilities for the field events due to the improvement of Anglin Field, where the thinclads resume meet competition after several years of running in the Johnson City Stadium.

**Right:** Williams moves up for a kill!

This year's edition of the Milligan College Racket Squad appears to be in fine shape for a great season. Returning from last year's team which wound up second in the conference with a 12-4 over-all record will be veterans J. J. Wiggins, "Moose" Williams, Jim Marshall, Dave Williams, and Jim Lura. Homer Neal, Terry Black, and Phil Pletcher will also give added strength and depth to Coach "Doc" Thompson's tennis team.

**Below:** Returning lettermen Jim Lura, "Moose" Williams, Dove Williams, and John Wiggins.

# BASEBALL

"Hustle" was the word for Coach Harold Stout's baseball team as the returning lettermen with the addition of several talented underclassmen made baseball an unforgettable sport at Milligan College this year.

With an ever-increasing and intensifying schedule, the Buffaloes showed what the combination of teamwork, ability, and hustle can do in making them a team to remember.

**First row:** Billy Compbell, Dan McCloin, Richard Forrester, Charlie Golding, Phil Storey.  
**Second row:** Cooch Stout, Tom Starnes, Billy Ray Harrell, Terry Black, Earl Hobson, Charlie Tester, Ken Bell, Sanford Dutton, Bobby Hines, Dave Brndon, Paul Houston, Ron Sturtz, John Barkes.

# INTRAMURAL COUNCIL

As usual this past year, the intramural program at M. C. was full of active participation. In the fall the boys played tennis and football with the defending champs, the Gamecocks, who are again reigning supreme. The girls went at it in volleyball with Nancy Sahli's team coming out on top.

In the winter both boys and girls played basketball with a championship tournament at the close of the season. The springtime brought out baseball for the fellows and softball for the girls. Also throughout the year at different times there were bowling, swimming, badminton, ping-pong, wrestling, golf, and weight-lifting with "heavy-weight" J. D. Murphy walking off with all top honor trophies—completely unnoticed, until the judges discovered the missing prizes.

The Intramural Council did a fine job and deserves a vote of thanks.

## ANOTHER RECORD YEAR FOR ELIZABETHTON ELECTRIC SYSTEM

1960 marked another record year for the Elizabethton Electric System. During the year our consumers used more electricity than ever before. And their average cost per kilowatt-hour was less than ever before. An area's use of electricity is a pretty good indication of the progress of that area. Area progress is one of our goals. As we have in the past, we will continue to provide plenty of low cost electricity to help this area grow and prosper.

Take a look at these three signs of electrical progress in Elizabethton:

- **Total KWH Use:** More than 143 million kwh—25 million more than total use in 1959.
- **Average Residential Use:** Reached almost 10,000 kwh, three times the national average.
- **Average Cost:** Dropped to .92 cents per kwh for electricity used in the home. National average is about 2.5 cents per kwh.
